

## Specifications For Manufactured Materials

Section: INTRODUCTION

Subject: PURPOSE OF MANUAL

- DESCRIPTION OF MANUAL** - This manual contains the official material specifications for products purchased by Saskatchewan Highways and Transportation.
- PURPOSE OF MANUAL** - The manual provides all necessary information for the requisition of any identified material.
- USE OF MANUAL** - The manual is to be used in the preparation of material requisitions. The Specifications for Manufactured Materials (SMM) can be used as part of the requisition. Information contained in the SMM does not have to be repeated in the Purchase Order Requirements. Anything identified but not covered in the SMM should be stated in the Purchase Order Requirements. The purchaser should review the SMM carefully to ensure all conditions apply and specifically that all items relating to Quality Assurance, Measurement, Delivery and Payment apply. If any changes or additions are required they should be added to the Purchase Order Requirements.
